The MAV (Payment against notice) can be paid, free of commission, at the counters of any bank. Payments can also be made using home banking or with credit cards, using the “PAGO PA” function. This function is available during the application process for the preliminary assessment. The bank normally takes 7-8 working days to transfer the amount paid to the University of Pavia.

No payments other than through the MAV (Payments against notice) can be accepted except for candidates residing outside Italy. These candidates can make the required payment by means of a bank transfer made out to UNIVERSITA’ DEGLI STUDI DI PAVIA – SERVIZIO TESORERIA c/o UBI - Banca Popolare Commercio e Industria IBAN: IT 38 H 03111 11300 000000046566 - SWIFT: BLOPIT22776 BIC: POCIITM1XXX). It should be noted that any additional expenditure on foreign banking transactions shall be entirely borne by the originator. Therefore, in the case of transfers from non-EU countries, the field relating to bank charges will show the code “OUR”, which guarantees the receipt of the exact amount due. Possible outlays at the expense of the university will need to be replenished with an additional payment

The results of the preliminary assessment will be published by 6th September 2018 on the Department of Economics and Management official notice board (Via San Felice, 5) and website (http://economia.unipv.it/), as well as on the Master Degree’s website at this link: http://mefi.unipv.it/

If by that date the student has not yet regularized his position, he will proceed to cancel the enrollment.

IMPORTANT
Following the assessment of the minimal entry requirements, should the candidate’s Bachelor degree transcript show faults which need to be fulfilled by taking some additional exams, the candidate must take the suggested missing exams by enrolment time. He/she can do so by registering to individual classes and taking individual exams within any university (for further information, refer to the Segreteria Studenti). In case of graduating students, they can add the missing exam/exams as supernumerary exams (“esami soprannumerari”) to their last approved study plan. In this case, in order to be enrolled without any condition, the candidate must take to the Segreteria Studenti (via Sant’Agostino 1 Pavia) the documentation proving the exams taken by 1st March 2019.

CONDITIONAL ENROLMENT
Candidates attending degree programs in the classes listed on point 1 of the “Direct Enrolment” section above and not yet graduated by 15th October 2018 can enroll under the condition that they get their academic degree by 1st March 2019. We remind that, among these students, those who have acquired at least 150 academic credits (ECTS) by the application deadline and whose average mark in the exams taken is greater than or equal to 25/30 (arithmetic average for students graduating pursuant to the Ministerial decree 509/99; weighted average for students graduating pursuant to the Ministerial decree 270/2004) can enrol under the above condition without having to take the admission test. On the other hand, students who have acquired at least 150 academic credits (ECTS) by the application deadline and whose average mark in the exams taken is lower than 25/30 (arithmetic average for students graduating pursuant to the Ministerial decree 509/99; weighted average for students graduating pursuant to the Ministerial decree 270/2004) will have had to pass the admission test in order to enrol under the above stated condition. The enrolment procedure will be completed if the student obtains the required academic degree by the already specified deadline (1st March 2019). If the student fails to graduate by that date, the enrolment procedure will not be completed and the Tax Office will reimburse the paid tuition fees (minus the stamp duty).

PAVIA ATENEO CARD
During the telematic registration procedure, if the student does not already have it, he can request the issue of the “PAVIA ATENEO CARD”, a multi-purpose university card that serves as an identification document for the Pavia university student. The completely free University Card Pavia is also a prepaid rechargeable credit card, which can be used on the MasterCard circuit to pay for expenses or withdraw cash from ATMs. A very useful tool that offers students discounts (even higher than 10%) on many items and also allows you to send wire transfers in Italy and Sepa area (31 European countries) and receive transfers from abroad, make credits, domicile users. The credit card function also allows the University and EDISU to make payments for any reason due to students and is the only instrument used by the University to credit the refunds of taxes and contributions or to make payments for the scholarships of study.

Further information on the functionality of the UniversityCard and the methods for its request are available at the following link http://www.unipv.eu/site/home/article9779.html
